There, Nicola and Viola begin to discover how important family is. Together with her husband, Nicola discovers her past. Cast Laura Morante - Viola Claudio Amendola - Nicola Elisa Iacono - Anna Mirella Simioli - Adriana Nicola Murgia - Andrea Francesco Acquaroli - Corrado Marco Legrasi - Diego Grazia Lai - Ginevra Lorenzo Lucarini - Luigi See also List of Italian films of 1991 References External links Category:1991 films Category:1990s romantic drama films Category:Italian films Category:Italian romantic drama films Category:Italian-language filmsQ: Whats the cleanest way to parse this json I have a json string like this: [{ "PRODUCT\_ID": "747" "PRODUCT\_IMAGE\_ID": "87" "STATUS": "Draft" }, { "STATUS": "Launched" "STATUS": "Verified" }] I need to be able to identify only those that have a certain product\_id, and return the corresponding status. For instance, if the product\_id is 747, it should return the following statuses: Draft, Launched, Verified I'm having trouble figuring out how to achieve this in a clean and efficient manner. Is there any framework out there that can handle this

---

for me? A: I'd probably do it using an array. var data = [{ "PRODUCT\_ 82157476af
